Keyn Chair Group

Designer

forpeople

The Keyn Chair Group is a range of meeting and side chairs that offer responsive movement and immediate comfort for collaborative spaces, whilst complementing the Herman Miller task chair portfolio.

Keyn's unique CradleFlex movement enables the user to adopt a wider range of postures, opening the torso for improved comfort in collaborative environments.

The three base options support a common, one-piece seat and shell. An extensive CMF offer and three pad variants enables the chair to reflect the true personality of a business or individual user.

Technical specifications
