Modular Seating

Design

The Hatch range's characteristic quilted seat provides a tactile structure to the fabric and a satisfying repeat pattern. Hatch is designed to be effortless to plan into configurations with straightforward options in 1, 2 and 3 seat units. Hatch has a firm upright sit and compact dimensions, perfect for modern commercial environments where the product must look after itself and space is a premium. Available with 4 different leg options as standard and naughtone's wide fabric selection, Hatch can be tailored to suit any environment.

Technical

Hatch is constructed with a wooden frame and high quality foams, then upholstered in the highest quality fabrics. The different leg options are made from steel finished with a tough powder coat colour and the wooden legs are made from solid oak and solid walnut with a matt lacquered finish.

*All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.
