

hush

Sofa

Design

The Hush sofa is a proud wider version of the popular Hush chair. Making perfect sense of the distinctive Hush profile, the sofa takes on its own elegant characteristic whist expanding on all the benefits of the Hush chair.

Technical

The main body of the Hush sofa is constructed with moulded plywood and CMHR foams. Base options are constructed from mild steel and finished with hard wearing polyester powder coat. The wooden base is constructed from turned hardwood and finished with a matt lacquer.

Base Finish Options

Chrome Sled Base

White or Black Sled Base

Turned Solid Oak or Walnut Legs

Other Options

2 Tone Upholstery

Hush sofa designed by naughtone

general manufacture description

The Hush sofa innershell is constructed from 1 solid moulded plywood form. The frame is then covered with CMHR foams and fully upholstered over with fabric. The Hush shell and base is assembled together with dry fixings and the upholstered shell can be easily broken down into separate materials with hand tools.

The Hush sofa sled base is machine bent from mild steel rod, then weld jointed together and hand polished to a smooth surface. The steel rod is then finished with either chrome plating or polyester powder coat.

facts

- naughtone is FISP and ISO14001 certified
- 46.7kg Total weight
