

shard

Coatstand

Design

Shard is a simple coatstand with a bold, graphic aesthetic. Useful as an object and beautiful as a decorative addition to a space. Use Shard in conjunction with other naughtone products that use the same bent wire process such as Viv chairs, Reg chairs, Hush chairs and Pollen stools.

Technical

Shard is constructed from mild steel wire and welded together into one piece. The finish is a hard wearing polyester powder coat.

*All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.

Shard coat stand designed by Gemma Fabbri

general manufacture description

The Shard coat stand is machine bent from mild steel rod which is weld jointed together and polished by hand to a smooth surface. The base is then finished with either chrome plating or polyester powder coat.

The Shard coatstand is supplied in a single piece and has no fixings.
