

viv wood

Chair, Lounger and Barstool

Design

Simple and very comfortable, the Viv Wood chair's paired down shape is highlighted by its tight upholstery, cleverly held deeply into the bucketed seat. Viv Wood was motivated by quality and function and the range of chair, barstool, and lounge chair are a welcome addition to any space, especially as their fully upholstered form can be easily altered with a change of fabrics.

Technical

The main seat area of Viv Wood is constructed with a 3D formed plywood, providing a comfortable bucketed seat. This is then covered with CMHR foams. The base options are made from solid hardwood and finished with a hard wearing matt lacquer.

Base Options

Solid Oak base
 as standard

Solid Walnut base

Viv wood chair designed by naughtone

general manufacture description

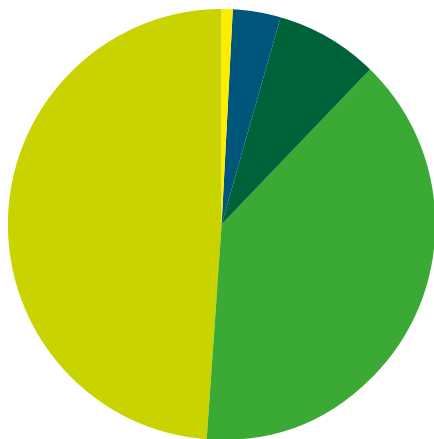

The Viv wood chair inner shell is constructed from a 3D formed plywood, providing a comfortable bucketed seat. This is then covered with CMHR foams and then fully upholstered with fabric.

The Viv timber base is cut from solid Oak plack and traditionally assembled by hand. The Oak is sealed with spray matt lacquer. The Viv seat and base are assembled together by hand using minimal fixings and can be easily disassembled if necessary.

facts

- naughtone is FISP and ISO14001 certified
- 8.4kg Total weight
- 4.1% Recyclable (foam & fixings)
- 88.2% Compostable (base & plywood frame)
- 1% Recycled content (chip foam & fixings)
- **88.2% Reuseable content**
- **5.1% Recycled & Recyclable content**

contents

- Base (solid oak) - 48.9%
- Internal plywood frame (beech ply) - 39.3%
- Fabric - 7.7%
- Foam (CMHR foam) - 3.6%
- Fixings (mild steel) - <1%

Viv wood barstool designed by naughtone

general manufacture description

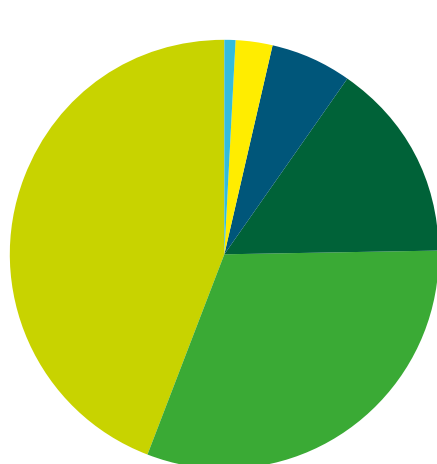

The Viv wood barstool inner shell is constructed from a 3D formed plywood, providing a comfortable bucketed seat. This is then covered with CMHR foams and then fully upholstered with fabric.

The Viv timber base is cut from solid Oak plack and traditionally assembled by hand. The Oak is sealed with spray matt lacquer. The footrest is manufactured from tubular mild steel which is welded together and housed in to the Oak timber base to form a rigid structure. The footrest is finished with a black powder coat finish. The Viv seat and base are assembled together by hand using minimal fixings and can be easily disassembled if necessary.

facts

- naughtone is FISP and ISO14001 certified
- 10.6kg Total weight
- 18.3% Recyclable (foot rest, foam & fixings)
- 75.6% Compostable (base & plywood frame)
- 10.1% Recycled content (foot rest, chip foam & fixings)
- **75.6% Reuseable content**
- **28.4% Recycled & Recyclable content**

contents

- Base (solid oak) - 44.4%
- Internal plywood frame (beech ply) - 31.2%
- Foot rest (tubular mild steel) - 15.1%
- Fabric - 6.1%
- Foam (CMHR foam) - 2.8%
- Fixings (mild steel) - < 1%
